

What is #TinyClimateActs

An Earth Month campaign that transforms small, daily eco-friendly acts, like biking to work or choosing a reusable cup, into meaningful action. For every three acts, Greenplaces and Sequoia will plant a tree – proving even small choices can **spark change**.

Why #TinyClimateActs?

Drive engagement, retention, and brand credibility.

Boost employee engagement

Employees want to see real climate action. #TinyClimateActs unites our team around a feel-good, planet-positive challenge.

Advance sustainability and compliance

Participating shows proactive alignment with evolving climate disclosure acts and positions our organization favorably.

Enhance brand and community

Showcases our commitment to the environment for customers, partners, and future hires.
